

GREAT TANS

BEST TANNING

Are you ready to look your best year-round?! Great Tans San Marcos is a full-service tanning and wellness salon. We welcome anyone looking for a little bronze for an event or trying to maintain long term color.

Our salon offers three levels of UV tanning beds (both stand up and lay down), Renuvaskin Red Light Therapy Bed, Wellness Cocoon Pro, Mystic Kyss Spray Tan Booth, and our most popular- custom airbrushing offered by trained technicians.

Great Tans has been in the community for well over a decade and has become a San Marcos and Hays County staple. Unfortunately,

due to COVID-19 the salon was forced to shut its doors for several months. Owner, Kristin Warner with the support of her husband Robert Warner purchased Great Tans in February of 2021. With a little remodeling and a whole lot of love, the salon had its Grand Reopening on April 1st, 2021. Since then, we have been elated to welcome back old and new clientele, meeting all types of membership needs from single session visits to 30-day memberships to reoccurring month to month.

The Great Tans San Marcos family, lovingly referred to as G-Tans by our regulars and locals alike invites you to come visit the salon for a

little relaxation of your own. The technicians at Great Tans take great pride in helping you find the right service and products to meet your skincare needs. Calls are welcome anytime or visit the website at www.g-tans.com.

Thank You Hays County For Voting For Us! We Are Honored to be named the BEST Tanning Salon in Hays County!

We'd really like to thank our customers and community for their votes, being our first year re-opened and under new ownership and management the community support has been tremendous and means so much to us.

Kristin and Robert Warner
